Sikh websites with descriptions

Many of these are extant only through Internet Archive now. Only some are perfectly preserved.

Keep in mind that only a few of these sites have expanded descriptions, and most of them do not. Given the large number of websites I went through, and the even larger number of websites that I haven't gone through, it is impractical to write out detailed descriptions for every site in a short amount of time.

(continued from part b)

\thekhalsafauj.blogspot.com

Status: Removed since at least 2013, the first time it was archived in Wayback Machine (too late, I might add). Almost none of its contents are extant.

Details: Nothing is known about this site, except it may be tied to user "The Khalsa Fauj" on Sikh Philosophy Network.

\gurmatgian.org

Status: Still extant. The .com version was last extant around March 2021, when it redirected to \gurmatgian.org which is still extant. Later parked around December 2021, and then picked up by various shady Chinese businesses. Chrome gave me a red screen for trying to visit the .com version today.

Details: The Gurmat Gian Missionary College in Ludhiana. I have not explored the current site or its previous iteration.

- \ggsacademy.com (died after Dec 5, 2023)
- \singhsabhacanada.com (died after Jan 5, 2024)
- \sikhbulletin.com
- \sikhreview.org
- \transition-into-infinity.blogspot.com (abandoned)
- \sikhsundesh.net (died after Dec 2022)
- \whyichosesikhism.com (died after Dec 2024)
- \neverforget84.com (see https://en.wikipedia.org/wiki/NeverForget84.com for more details)
- \khalsanews.org
- \singhgurtej.blogspot.com
- \frontlinepunjabiyouth.blogspot.com
- \singhrowproductions.blogspot.com (no longer extant in any form since 2013, hijacked since 2016)
- \pyarideep.blogspot.com
- \scottish-sikh-bravehearts.blogspot.com

The following sites (all still extant as of this writing) are notable for their documentation on atrocities against Sikhs:

- \sikhgenocide.org
- \voicesforfreedom.org
- \carnage84.com

\prisonerwelfare.com

Status: Dead website. Redirected to \prisonerwelfare.org between 2013 and 2018; later the domain was hijacked by a shady Chinese business before being abandoned for good. \prisonerwelfare.org redirected to \sikhrelief.org (still extant today) between 2021 and 2024, and now throws up a fake Cloudflare error if you try to visit it today.

Details: Despite the generic URL, this site is about the Sikh Organisation for Prisoners Welfare (SOPW) project run by the UK-based charity Sikh Relief. I have not explored any of the three sites.

\panjabifm.com

Status: Dead website. Last extant at the very end of 2016. Since then, the domain got hijacked by another shady Chinese business in 2018, then got restored by scammers in 2020, then disappeared for good.

Details: This site appears to have provided a Punjabi-language radio service. Unknown if it still runs to this day despite the site disappearing. An .exe file captured in May 2016 is extant on Wayback Machine.

\sikhcomics.com

Status: Still extant.

Details: Shopify-hosted site selling, well, Sikh comics. The artists and illustrators are based out of India.

\probitycomics.com

Status: Dead website. Last extant on Jan. 4, 2014, but is then immediately hacked a month later on Feb. 4, 2014, and then gets hijacked over and over again.

Details: Another Sikh-related graphics and art website.

\whitesikhsect-3ho.blogspot.com

Status: Still extant.

Details: Single-article blog from December 2010 run by Ajmer Singh

Randhawa (I don't believe this is the same person as Ajmer Singh whose works influenced Deep Singh). The URL tells you what you're going to read about.

\home.sprintmail.com/~angelman24/Armageddon4.html

Status: Dead webpage.

Details: The website itself has nothing to do with Sikhi (and warning, if you do decide to explore it, it has p-rnography). This particular webpage, however, details an instance of 3HO fraud and claims that Gursant Singh was involved in it.

\yogibhajan.tripod.com

Status: Still extant, surprisingly.

Details: You're immediately greeted by the uncanny gaze of Yogi Bhajan, a photo which has similar energy to the Mussolini SI SI SI facade. Almost all of the contents of this site are legal documents exposing 3HO misdeeds. The favourite links section contains links to three further websites.

\angelfire.com/folk/pothimala/

Status: Still extant, somehow!

Details: This website detailed the last remnants of the heretical Mina sect of Sikhi, which is still practiced around Pothimala Sahib in the small city of Guru Har Sahai (nowadays near the border with Pakistan). The website eventually moved to the now-dead \pothimalanews.com and later to \pothimala.com. This Reddit post from almost 3 years ago inquires about this site and the remainders of the Mina sect, but no answers are forthcoming: https://old.reddit.com/r/Sikh/comments/uf9u1c/need_help_understanding_this_group_called_the/
